

DIGITAL RESIDENCY

APPLY NOW

The Axis Digital Residency seeks to support artists who require additional resources and support to develop and disseminate new work over a three month period. We are looking for artists working in any medium, not just digital, but who are interested in sharing their residency experiences with our online community, and who are ready to shine a critical spotlight onto their work and practice.

Successful applicants will receive **£1,500**, a bespoke package of support, critical engagement from a writer, use of our digital platforms, as well as opportunities to engage with our content and members.

For the first six months of 2021 we're offering two opportunities for artists to take part in our Axis Digital Residency Programme.

The application consists of the following information. We advise you prepare this in advance before completing the online application form.

Contact details

Name, email address, phone number, website

Theme

In a couple of words please identify a theme within your work. This will be used to inform the rest of our content and micro-commissions during your time on the Axis Digital Residency.

Artist Statement (maximum 200 words)

Project Proposal (maximum 450 words)

- Briefly outline a project that you would like to explore during your residency.
- How do you intend to spend your three months on the Axis Digital Residency?
- What do you anticipate as a final outcome?
- What format might new work take?

Engagement Proposal (maximum 150 words)

Using our digital platforms, how might you engage with our community of members during your residency?

Why do you feel this is the right time in your artistic career for you to receive this support? (150 words max)

Supporting material

If you would like to add any images or links to websites that evidence previous projects, you can do so in this section (optional)

Equal Opportunities Monitoring

Axis is committed to equality and diversity. Good diversity monitoring provides evidence to help us both focus policies and target action.
